Vertical Solutions in Motion

We strongly recommend that the product owner read all contents of this manual before operating your cargo lift. This will help the product owner to be more informed in the execution of his/her safety responsibilities. This will also help ensure longevity of the cargo lift. Each operator should be trained as well, particularly in the safety considerations. We place high priority on safety and we recommend that you do the same.

*Galaxy Unlimited, LLC Trivia*

*Q: Why did we choose the name 'Voyager' for the Cargo Unit System?*

*A: Named after the spacecraft that first entered our Earths Solar System in 1977 to explore where nothing had ever explored prior; we felt the name said it all.*

*The mission of the Voyager 1 was to explore our planets to the outer limits of our Sun.*

*Our Voyager has the same mission: to move the Cargo Lift to a level never achieved before and beyond. Galaxy Unlimited, LLC has partnered with a manufacturer to enhance the design and performance of our lifting system. Our team of skilled technicians and talented staff maintain a 'Customer First' mentality to continually move forward with safety and design. Voyager is just the beginning.*

## PRODUCT DESCRIPTION

A cargo lift is designed to carry cargo, NOT human passengers. Design and manufacture considerations are provided in this product to properly accommodate its intended cargo transport but NOT human transport.

The cargo lift is designed to move between two or three levels of a structurally sound building. The Cargo Lift includes a cargo size of approximately 4' X 4' , a carrying load capacity of 800 pounds, and, travels approximately 12 feet per minute. It is constructed of long-lasting aluminum and stainless steel materials including anti-skidding flooring.

It is supplied with a highly reliable electrical control system for executing normal up, down, and stop actions. This control method incorporates a wireless remote transmitter which enhances user convenience. Please lock the control box when not attended.

The dual mast design provides a safer and more stable lift. A durable stainless steel enclosed motor transmits electric power to the unit drive reliably. Stainless steel aircraft quality cable is applied with dual winders to reduce cable wear. Sealed rotary limit switches are provided for additional operating safety and smoother controlled stops. All of the above features are provided to achieve a rugged design to withstand the elements which sometimes can be demanding.

*Galaxy Unlimited, LLC Trivia*

*Q: Why did we choose the name 'CENTAUR' for our DIY Cargo Lift System?*

*A: The Centaur comes from Greek Mythology and represents strength and ruggedness of a pioneer. Our customers who are the like-minded, this Cargo Unit is the one for you.*

*The CENTAUR Cargo Lift comes with an installation guide for ease of installation. All required parts down to the last nut and bolt will accompany the well-designed unit.*

# SAFETY INSTRUCTIONS

The Product Owner is responsible for safe handling of the cargo lift at all times in all circumstances. The following safety instructions are provided for the Product Owner and anyone who the Product Owner may authorize to operate the cargo lift.

1. No one under the age of 18 should operate this lift without adult supervision.
2. Never allow children under the age of 18 to be near the cargo lift unattended when it is operating.
3. Never allow anyone to be within 10 feet (10' ) of the operating path of this cargo lift when in operation moving up or down.
4. Never enter cargo lift or be near the unit when under the threat of lightening or severe weather.
5. Never allow anyone except a qualified service person to enter the runway of the cargo lift, above or below the car. Similarly, no object or animal should be allowed in the runway of the cargo lift. A moving lift can cause severe injury to anyone in the car runway.
6. Never exceed rated carrying load capacity.
7. Never by-pass, remove or otherwise disable any control sensors or safety features.
8. Never operate when showing signs of damage or unusual operations including unusual noise and/or vibrations.
9. Never operate when cables appear to be frayed or damaged.

*Galaxy Unlimited, LLC Trivia*

*Q: Who came up with our Tag Line: 'Vertical Solutions in Motion?'*

*A: From the start-up of the organization, the owners had a solid foundation of family and friends. The owners always wanted our significant others and family members to feel a part of our organization. Jennifer (the wife of one of the owners) and all her wisdom, came up with our tag line which was unanimously voted into existence and remains an integral part of our motto.*

The Product Owner is further responsible for safe handling of this cargo lift as follows:

1. Never operate cargo lift when the car gate and/or landing door are not functioning properly.
2. Never enter cargo lift when car floor is not even with structure floor level.
3. Never lean against car gate or car controls.
4. Never place a wireless remote transmitter in a pocket or any other place where inadvertent operation may occur. The transmitter is part of one of two control methods when ordering.
5. Never open car or adjacent structure gate when in motion.
6. Never extend any part of body or other object beyond the immediate perimeter of the car.
7. Never operate cargo lift in the case of fire and/or smoke.
8. Never start-stop or reverse the cargo lift continuously.
9. Never allow anyone to operate the cargo lift when under the influence of alcohol or drugs. Cargo lifts are considered as heavy equipment and shall therefore also not be operated by anyone using prescription drugs.

Vertical Solutions in Motion

*Galaxy Unlimited, LLC Trivia*

*Q: Why does Galaxy Unlimited, LLC service all competitors lifts?*

*A: Simply stated, Our Customers Comes First. With the overwhelming questions from our competitor's customers, we felt it our obligation to make sure every home owner has a functioning Cargo Lift. There is nothing more frustrating than investing a significant amount into your home and not have a working unit.*

*We will service ANY BRAND, MAKE AND MODEL cargo lift. Our service department is available to assess any issues there may be with a lift built by another company and help with correcting or fixing issues you may be having with your lift. Galaxy Unlimited, LLC always puts the customer first.*

## BASIC OPERATIONS

Our instructions for your convenient operations follow:

1. There is a main electrical power supply breaker that must be engaged prior to operating.
2. An “on-off” electrical isolation toggle switch is provided in the remote control box. This switch must also be in the “on” position to operate.
3. All gates shall be closed.
4. The basic operating procedure is simple as follows:
  - A. Hold-in the “up” button for the cargo lift to move up.
  - B. Hold-in the “down” button for the cargo lift to move down.
  - C. Depress the “stop” button to halt the lift movement.

*Galaxy Unlimited, LLC Trivia*

*Q: Is it true that Galaxy Unlimited, LLC also manufactures a true 3 stop remote control box?*

*A: ABSOLUTLY! We saw the need for a true 3 stop remote control system for not only our Cargo Lift Systems, but for boat lifts as well. Living near a lake and owning a boat, we could not find a remote control for:*

*LAUNCH: either the ground floor for the Cargo Unit or putting your boat in the water*

*LOAD: either loading the boat at deck level or raising the Cargo Lift to the second floor*

*STORE: either storing the boat above deck level in winter months or raising the Cargo Lift to a third floor*

## BASIC MAINTENANCE

Products such as cargo lifts that are designed and manufactured with electrical, mechanical and structural capabilities; and, that operate within an integrated system normally require periodic maintenance. This maintenance enhances safe operations and further enhances longevity of the product.

Recommended maintenance and service follows:

1. An inspection should be performed within the initial 90 day period of operations to make routine adjustments that may be required by normal changes in a product's installed geometry. These can be natural physical changes in product components resulting from normal product loading and/or local environmental conditions. The adjacent structure may also shift and cause need for such adjustments.
2. A full inspection should be performed at least twice per year, every year regardless of the amount of operations.
3. A full operational check of the product's control system and its individual components that comprise the control system should be performed within the above recommended semi-annual inspection.

**Never operate this product before properly addressing any of the following conditions:**

1. Evidence of any structural deterioration of either the product and/or its adjacent mating structure;
2. Evidence of frayed cables;
3. Evidence of unusual noise and/or vibration; and,

A qualified service person may apply additional maintenance recommendations that ensure favorable aesthetics.

*Galaxy Unlimited, LLC Trivia*

*Q: My neighbors and friends are interested in purchasing a lift. Can I receive an incentive for having them buy from Galaxy Unlimited, LLC?*

*A: ABSOLUTLY!! Our Customers ARE our best advertising! For every customer you send our way to purchase a unit, we will give both YOU and your NEIGHBOR or FRIEND \$100.00! Just have your friend or neighbor reference your serial number when calling.*

## HURRICANE PREPARATION

It is recommended that these preparations be made for an anticipated hurricane. These preparations should be made substantially before the dangers of the hurricane occur.

1. Lower the cargo to the lowest position.
2. Remove electric power by opening the main breaker.
3. If the cargo lift has experienced unusually high winds and/or water exposure by flooding, the unit shall not be operated until re-qualified for service by an authorized service person.

Galaxy Unlimited, LLC Trivia

Q: I believe in your product and would love to represent you. Is that a possibility?

A: ABSOLUTLY! Just call the corporate office to ask for details about becoming a dealer for Galaxy Unlimited, LLC! We are always looking for great people!

# REGISTRATION FOR WARRANTY

Registration for the Warranty must be completed via our website at [www.galaxylifts.com](http://www.galaxylifts.com) within 30 calendar days of install date to register and validate warranty.

## Galaxy Unlimited, LLC Cargo Lift Warranty

This warranties only to the original purchaser of an aluminum cargo lift purchased or used for private and recreational purposes, the following:

1. That the structural components of the aluminum cargo lift are free from manufacturing defects or defects in craftsmanship for a period of 5 years when purchased from Galaxy Unlimited, LLC or any authorized agent of Galaxy Unlimited, LLC. During this period we will provide replacement parts, without charge, for the structural components of the aluminum cargo lift which exhibit manufacturing defects of defects in craftsmanship. Defect is determined at absolute and sole discretion of Galaxy Unlimited, LLC.
2. That the gear unit components of the aluminum cargo lift are free from manufacturing defects or defects in craftsmanship for a period of 1 year when purchased from Galaxy Unlimited, LLC. During this period, we will replace gear unit components, without charge, for the gear unit components of the aluminum cargo lift, or any part or piece thereof, which exhibits a manufacturing defect or defect in craftsmanship. Defect is determined at absolute and sole discretion of Galaxy Unlimited, LLC.
3. That the electrical components of the aluminum cargo lift are free from manufacturing defects or defects in craftsmanship for a period of 1 year when purchased from Galaxy Unlimited, LLC or any authorized agent of Galaxy Unlimited, LLC. During this period we will provide replacement parts for the electrical components of the aluminum cargo lift, or any part or piece thereof, which exhibits a manufacturing defect or defect in craftsmanship. Defect is determined at absolute and sole discretion of Galaxy Unlimited, LLC.

This limited warranty becomes effective as of the date of installation to the original purchases. In order for this limited warranty to become effective, the original purchases must, within 30 days of the date of installation, register the unit via Galaxy Unlimited, LLC website ([www.galaxylifts.com](http://www.galaxylifts.com)). Once registered, a warranty card will be send to the original purchaser via email and direct mail. Registration is a condition precedent to Galaxy Unlimited, LLC obligation under this limited warranty.

In order to submit an acceptable claim under this limited warranty, the Original Purchaser must provide the following information in writing to:

Galaxy Unlimited, LLC  
146 Pin Oak Drive  
Mabank TX 75156

1. Full name and Address
2. Model and Serial Number of Unit
3. Date of registration of warranty

4. Clear and specific description of the defect
5. Parts need to be returned to Galaxy Unlimited, LLC before replacement parts are shipped to the Original Purchaser.

This limited warranty does not include labor costs associated with repairing or replacing the aluminum cargo lift, nor does it require Galaxy Unlimited, LLC services for the repairing or replacing of the aluminum cargo lift.

This limited warranty is valid only when such products are used under normal conditions of recommended use. This limited warranty does not cover replacement or repair of the aluminum cargo lift, or any part thereof damaged by acts of God, abuse, accident, misuse, neglect, alteration, repair, disaster, overloading, negligence, unauthorized use, improper installation, improper testing, improper product selection, failure to follow maintenance recommendations, failure to follow instructions or warnings, or any other case beyond the control of Galaxy Unlimited, LLC.

This limited warranty does not cover routine maintenance and service. Any repair work performed on the aluminum cargo lift, or any part or piece thereof manufactured by Galaxy Unlimited, LLC; other than an employee of Galaxy Unlimited, LLC or authorized agent, shall void this warranty. This warranty is not transferable or enforceable by any party other than the original purchaser. Parts provided pursuant to this limited warranty to be free from manufacturing defects or defects in craftsmanship, under the same terms as set forth herein, except that the time period for the limited warranty shall, in this instance, be the greater of ninety (90) days from the date of the replacement part was delivered to the original purchaser, or the period of time remaining on the original limited warranty. This limited warranty is limited to aluminum cargo lifts sold and used in the United States.

The sole and exclusive remedy provided by this limited warranty is the providing of replacement parts for the aluminum cargo lift, or any part or piece thereof manufactured by Galaxy Unlimited, LLC as more fully set forth in this document.

All warranties implied by law, including implied warranties of merchantability and fitness for a particular purpose, are disclaimed or, if a disclaimer is not permitted by applicable state law, are expressly limited to the durations of the coverage period set forth above.
